

# God Has the Power to Help

## Introduction

Important lessons for us: 1. Lovers of truth hear and follow the words of \_\_\_\_\_. 2. Those who understand that all power comes from above, will not put their trust in the ones who temporarily possesses a small degree of power, but in the one who has \_\_\_\_\_ power and has possessed it from all eternity and will never lose an ounce of it for the rest of eternity.

One thing you need to know about God is that He is very \_\_\_\_\_ in the way He uses His power. His creative use of power is one of the many things that makes these stories so powerful today.

## The Story of Moab's Rebellion (2 Kings 3)

### Lessons to learn

God's people always have hope if they are willing to \_\_\_\_\_ for God's help, \_\_\_\_\_ to His instructions and \_\_\_\_\_ His voice.

It's always a "\_\_\_\_\_ matter in the sight of the Lord" to help His people.

It reminds me of what Paul said to Agrippa in Acts 26:8, "Why should it be thought \_\_\_\_\_ by you that God raises the dead?" NKJV

So, this week I implore you to \_\_\_\_\_ for, \_\_\_\_\_ to and \_\_\_\_\_ the instructions of the Lord. Our God is able to do exceedingly, abundantly above all that we can ask or think through His power that works in us.

## The Lord delivers Israel from a famine (2 Kings 6:24-7:20)

### Lessons to learn

- God is often \_\_\_\_\_ us when we don't even realize it, and He does it in ways we can't see.
- As Christians we walk by \_\_\_\_\_ and not by sight. (2 Cor 5:7)
- God can \_\_\_\_\_ what appears to be bad options to us, into great deliverance.
- God's love \_\_\_\_\_ prompt him to help us without our help or without us asking. We have so many limitations as people and are prone to being so defeated by a situation that we don't ask for His help. The king didn't ask for help. He blamed God for the famine and said he wasn't waiting on God any longer. He sought to kill Elisha. The lepers didn't ask for help.
- When we \_\_\_\_\_ God's love or His power we might be left out when He sends His blessing. Don't doubt God!
- God is the master of the "v" shape bounce back of any economy.
- We need to do what He expects us to do while trusting Him to know the best \_\_\_\_\_ and \_\_\_\_\_ of the bounce back.
